

Sharecare announces third quarter 2022 financial results and operational highlights

November 10, 2022

ATLANTA, Nov. 10, 2022 /PRNewswire/ -- Sharecare, Inc. (Nasdaq: SHCR), the digital health company that helps people manage all their health in one place, today announced financial results for the quarter ended September 30, 2022.

"Sharecare delivered another solid quarter and executed on our strategy as evidenced by: our revenue growth; expanding our EBITDA margins; tracking to hit our core KPIs of 12 million eligible lives and six million records processed by year end; and signing a multi-year strategic agreement with Carelon, the healthcare service subsidiary of Elevance Health, to integrate our digital-first advocacy solution, Sharecare+, into their health guide services for hundreds of thousands of their members," said Jeff Arnold, co-founder, chairman, and CEO of Sharecare. "While our advocacy solution is resonating well, the momentum we're experiencing in our Enterprise channel is about more than that; our partners recognize that the sum total of what Sharecare has assembled over the last decade is greater than its parts."

Mr. Arnold added, "We believe Sharecare is uniquely positioned to solve our clients' biggest pain points through our comprehensive, interoperable platform that delivers an impactful member experience with ease of implementation, whether onboarding a client population for the first time or introducing existing members to new clinical capabilities, such as advocacy or home health. I'm proud of what we've accomplished so far this year and feel we are incredibly well positioned to achieve our future growth goals."

Conference Call

The company will host a conference call to review the third quarter results today, Thursday, November 10, 2022, at 8:00 a.m. EST. The conference call can be accessed by dialing (833) 636-1352 for U.S. participants, or (412) 902-4148 for international participants, and referencing the Sharecare call; or via live audio webcast, also available online at https://investors.sharecare.com. A webcast replay of the call will be available for on-demand listening at the same link and will remain available for approximately 90 days.

Non-GAAP Financial Measures

In addition to our financial results determined in accordance with U.S. GAAP, we believe the non-GAAP measures adjusted EBITDA, adjusted net income (loss), and adjusted earnings (loss) per share ("adjusted EPS") are useful in evaluating our operating performance. We use adjusted EBITDA, adjusted net income (loss), and adjusted EPS to evaluate our ongoing operations and for internal planning and forecasting purposes. We believe that these non-GAAP financial measures, when taken together with the corresponding GAAP financial measures, provide meaningful supplemental information regarding our performance by excluding certain items that may not be indicative of our business, results of operations, or outlook. In particular, we believe that the use of these non-GAAP measures is helpful to our investors as these metrics are used by management in assessing the health of our business and our operating performance. However, non-GAAP financial information is presented for supplemental informational purposes only, has limitations as an analytical tool, and should not be considered in isolation or as a substitute for financial information presented in accordance with GAAP. In addition, other companies, including companies in our industry, may calculate similarly titled non-GAAP measures differently or may use other measures to evaluate their performance, all of which could reduce the usefulness of our non-GAAP financial measures.

The calculations and reconciliations of historical adjusted EBITDA, adjusted net income (loss), and adjusted EPS to net income (loss), the most directly comparable financial measure stated in accordance with GAAP, are provided below and in the accompanying financial tables. Investors are encouraged to review the reconciliations and not to rely on any single financial measure to evaluate our business.

We have not reconciled adjusted EBITDA guidance to net income (loss) because we do not provide guidance for net income (loss) or for items that we do not consider indicative of our ongoing performance, including, but not limited to, the impact of significant non-recurring items, as certain of these items are out of our control and/or cannot be reasonably predicted. Accordingly, reconciliations of adjusted EBITDA guidance to the corresponding U.S. GAAP measures are not available without unreasonable effort.

Adjusted EBITDA

We calculate adjusted EBITDA as net income (loss) adjusted to exclude (i) depreciation and amortization, (ii) interest income, (iii) interest expense, (iv) income tax (benefit) expense, (v) loss on extinguishment of debt, (vi) other (income)/expense (non-operating), (vii) share-based compensation, (viii) severance, (ix) warrants issued with revenue contracts, (x) net costs associated with exiting contracts, and (xi) transaction and closing costs. We do not view the items excluded as representative of our ongoing operations.

Adjusted Net Income (Loss)

We calculate adjusted net income (loss) as net income (loss) attributable to Sharecare, Inc. adjusted to exclude (i) amortization of acquired intangibles, (ii) amortization of deferred financing fees, (iii) change in fair value of warrant liability and contingent consideration, (iv) share-based compensation, (v) severance, (vi) warrants issued with revenue contracts, (vii) net costs associated with exiting contracts, (viii) transaction and closing costs, and (ix) the related income tax adjustments. We do not view the items excluded as representative of our ongoing operations.

Adjusted Earnings (Loss) Per Share

We calculate adjusted EPS as adjusted net income (loss), as defined above, divided by the number of weighted average common shares outstanding - basic and diluted.
